

## MATH+ Dissertation Award 2022

In cooperation with the Einstein Foundation Berlin, the Berlin Mathematical School (BMS) of the Cluster of Excellence MATH+ awards up to three annual prizes for outstanding dissertations.

### Eligibility:

All BMS graduates who completed their doctorate with a grade of “summa cum laude” and defended between 01 October 2021 and 30 September 2022.

### Selection process:

Up to three winners are selected annually by the MATH+ Board, based on recommendations of the BMS Committee. Each prize carries a monetary award of 2,000 EUR.

### Nominations:

Dissertations can be nominated by the PhD supervisor or another MATH+ Faculty Member. Nominations need to be submitted electronically

to [dissertation-prize@mathplus.de](mailto:dissertation-prize@mathplus.de)

**by 31 December 2022.**

Nominations must include the following documents:

1. Nomination letter: An appraisal of the dissertation addressing the originality, significance, and impact of the research (max. 2 DIN A4 pages).
2. Dissertation Certificate (*Urkunde*) – or preliminary confirmation
3. Dissertation (electronically)
4. Dissertation reports (*Promotionsgutachten*) – if possible, permission from the reviewers is necessary!
5. Candidate’s CV and list of publications
6. Summary of the dissertation (max. 200 words) for the general public.
